

To Whom It May Concern:

Cypress Psychiatric Hospital engaged Medical Revenue Recovery for its collection of bad debt accounts in 2007. Medical Revenue Recovery was given accounts dating back over two years and produced remarkable success in recovering revenue more than two years old.

We have been very pleased with the continued success and ongoing professionalism exhibited by the staff of Medical Revenue Recovery. We have found them to be true to their word and responsive to our needs.

We recommend this organization for your revenue recovery needs.

Respectfully,

A handwritten signature in dark ink, appearing to read "JH Lord", is written over the printed name.

JH Lord
Manager
